## MEAT HOARDED WHILE PRICES GO HIGHER

By H. B. Hunt

WASHINGTON.—With more than 1,500,000,000 pounds of meats, poultry and fish in the storage warehouses of the United States, and with monthly additions exceeding the volume of our exports, it would appear that the time had come when there should begin a downward trend in the cost of foodstuffs.

Reductions, however, are practically nil to date. The explanation given is that the foods now in storage or moving to market have been produced from high priced materials, with high priced labor, and that no present reduction in price is possible without loss to packers and dealers holding these commodities.

There is a growing opinion in Congress, however, that artificial causes are contributing in no small degree to maintaining present high price levels. One of these is that the great reserves of foods and meats built up by the

War Department in the expectation that it would have to feed an army of 4,000,000 fighters thru 1919 is being kept off the market, instead of being used to relieve the cost of living stress.

Latest reports to the Federal Bureau of Markets show there are in cold storage in this country today approximately:

1,400,000,000 pounds of frozen and cured meats.  
66,150,000 pounds of fish.  
70,000,000 pounds of frozen poultry.  
12,300,000 pounds of creamery butter.  
4,500,000 cases of eggs.  
15,500,000 pounds of cheese.

Other foodstuffs are stored in proportionate volume. The total meats held in storage today are only slightly less than that held one year ago, when we were deliberately attempting to build up a great surplus to insure sufficient foods for our army and our allies, and when the food stocks of the Argentine, Australia, and India were cut off

from Europe.

In fact, the difference is less than 25,000,000 pounds and is found almost wholly in the slightly lower stocks of frozen beef.

At this time last year our total of stored meats amounted to 1,373,586,222 pounds; today, exclusive of fish and poultry, it stands at 1,349,871,220 pounds.

Frozen and cured beef and dry salt pork have decreased slightly, but stocks of lamb and mutton, frozen and pickled pork, lard and miscellaneous meats have increased.

While the American housewife is today paying record prices, even higher than in the period of actual war, for poultry, stocks of frozen poultry in United States storage houses have doubled and tripled.

Today there are in storage 10,797,083 pounds of broilers as against 3,118,259 pounds one year ago, an increase of 246 per cent.

There are 18,576,923 pounds of roasting chickens in

storage today as against 7,009,536 this time last year, an increase of 165 per cent.

Ordinary fowls in storage amount to 15,335,839 pounds as against 4,098,196. Only in turkeys, now out of season, is there a falling off.

Fish prices continue at war time levels, altho Europe is beginning again to catch her own fish, the dangers to the fishing fleets from mines and submarine attacks being removed.

Our own stocks of fish have increased 44.6 per cent over one year ago, but apparently the old law of supply and demand has been suspended. Prices are still held up, altho our present holdings of fish are 66,156,007 pounds as compared with 45,619,699 pounds this time last year.

As compared to the immense holdings of foodstuffs in our warehouses and the rate at which new supplies are moving in, exports are not now sufficient to reduce the surplus to any great extent.

### OPPONENTS SEE GREAT TRUST IN NATION LEAGUE

Plan Revealed by Bankers' Testimony in "Leak" Probe, Senators Say

Highest Prices in History Would Result, These Solons Claim

WASHINGTON.—An era of high prices such as the United States has never seen would result from adoption of the plan of world financing outlined to the senate foreign relations committee by Wall street bankers, senators opposing the league of nations predicted today.

They declared the frank statements of Morgan, Vanderbilt and Davison in the "leak" investigation showed that Wall street plans the formation of the greatest trust in history, to be underwritten by the United States government and to control not only the country's money but its industries as never before.

The inevitable result of putting into Wall street's grip the whole country's financial and industrial resources, these senators said, would be the elevating of prices of practically everything the people of this country use.

"GUARANTEE" SOUGHT  
High prices, it was declared, "would be justified" on the ground that Europe's needs for raw materials, machinery and other American products causes shortages in this country.

League opponents believe the financiers' statements to the committee are in effect notice to the senate that Wall street wants the league of nations as a medium thru which its world financing plan may be carried out with a guarantee against loss.

Senators asserted that the league can be used to create profits for the money barons by declaring necessity exists in some country for American financial aid.

"PROBE MAY STOP  
They are preparing to use the leak investigation testimony freely for speeches soon to be delivered to the senate in opposition to the league. The league's friends today said the leak inquiry showed clearly that Senator Borah's charge that New York interests having "a peculiar interest" in the peace treaty had obtained it, were groundless and that the bringing of the text to this country by H. P. Davison, partner of J. P. Morgan and head of the international Red Cross, was "entirely proper."

It is undetermined whether the investigation will go any further. The foreign relations committee today at a special meeting took up the Knox resolution for a "reservation" on the league of nations.

Knox planned to point out to the committee that his measure is a plan to separate the treaty and covenant are untrue. Knox maintains that separation of the two involves amendment of the treaty, which would require it to be submitted again to the peace conference. His plan, he said, will not entail this, and will therefore not delay the operation of the peace settlement.

### PLAN WET DRIVE

Labor Federation to Stage Demonstration in Washington

ATLANTIC CITY.—Immediate resumption of the government's building program is the only immediate solution of the problems of high rents, unemployment and stagnant building material markets, according to building trades union leaders attending the American federation of labor convention here today.

Following the passage by the convention late yesterday of a resolution disapproving war-time prohibition starting July 1, and asking exemption of 2.75 per cent beer from constitutional prohibition, many delegates planned to go to Washington Saturday to participate in a big wet demonstration at the capitol building. Special trains will be run, and the entire day will practically be given over to this demonstration.

### AMERICAN WOMAN ONE OF ENGLAND'S ATTRACTIVE WIDOWS

The Marchioness of Dufferin.

The Marchioness of Dufferin, formerly Florence Davis, daughter of John H. Davis, of New York, is one of England's most attractive young widows. Her husband, the late Lord Dufferin, was well known in English diplomatic circles.

### BUDGET PLAN AS CITY AID SOUGHT

Constitutional Amendment Proposed to Prevent Financial Crisis

COLUMBUS.—Steps to prevent another financial crisis such as faces Ohio cities today, and to put the state's taxing and spending machinery on a better basis are being urged by advocates of an improved state budget system.

Representative James A. Reynolds, Cleveland, has proposed a constitutional amendment which would make the governor responsible not only for submitting the necessary items of appropriation but also of devising the exact means thru which revenue could be raised to pay the bills. The legislature would have the power to reduce the governor's recommendations but could not increase them.

Special bills carrying appropriations would have to carry with them the means of raising the revenue. This, adherents of the plan say, would curb efforts to get appropriations for local purposes.

Those in favor of the budget plan will try to get the legislature to put thru the resolutions for the constitutional amendment before that body finally adjourns.

### JOIN RAIL STRIKE

Laborers Added to N. & W. Shopmen's Walkout

COLUMBUS.—Car cleaners, boiler washers and laborers joined the striking shopmen of the Norfolk and Western railroad today.

Freight and passenger service is seriously handicapped. Five yard crews were taken off today and freight service was reduced fifty per cent.

G. P. Davis, in charge of the local strike, said today that clerks would be called off before night.

### Many Promise But Few Return

"I'll be back," said a man leaving a downtown barber shop. The man had just entered and found several customers ahead of him.

Many men each day make the same remark when they find the chairs filled, barbers say.

"Very few return," says a Lima barber, "some go to another barber shop while others put off shaving until the next day."

### ASKS BUSINESS VOTE ON FUTURE OF TRUNK LINES

U. S. Chamber of Commerce Offers Plan To Restore Private Ownership

WASHINGTON.—Private ownership of railroads with comprehensive regulation is recommended in a series of proposals for remedial railroad legislation sent out to a referendum vote of the more than 1,300 commercial and trade organizations making up the membership of the Chamber of Commerce of the United States. They were prepared by the chamber's railroad committee after an extended study of the transportation situation.

The recommendations contain the following proposals:  
Corporate ownership and operation with comprehensive regulation.  
Return of the railroads to corporate operation as soon as remedial legislation can be enacted.

Adherence to the period of federal control as now fixed unless and until impossibility of remedial legislation in this period appears.

Permission for consolidation in the public interest, with prior approval by government authority, in a limited number of strong competing systems.

Requirement that railroad companies engaged in interstate commerce become federal corporations, with rights of taxation and police regulation reserved for the states.

Federal regulation of capital expenditures and security issues of railroads engaged in interstate commerce, with provision for notice and hearing for state authorities.

Federal regulation of interstate rates.

A statutory rule providing that rates in each traffic section shall yield an adequate return on a fair value of the property as determined by public authority.

### VESSELS COLLIDE

One Ship Sunk, Another Damaged in Crash

NEW YORK.—The 13,000 ton transport Graf Waldersee was beached at Long Beach, N. Y., today after having been rammed in collision with the cargo ship Redondo, in a dense fog off Sandy Hook.

The Waldersee, a former Hamburg-American liner, was towed to safety by the transport Patricia. She was filling rapidly when the shore was reached. Her crew of 400, with 19 army and navy officers, were removed by the Patricia. After the ship was beached, some of the crew were transferred to navy tugs, which were still standing by.

It was hoped the Waldersee might be floated after the hole in her side had been patched.

When struck by the Redondo the Waldersee was outward bound, so carried no troops. The Redondo continued its voyage to New York.

The crew of the steamship Yankee, sunk in collision with the Italian steamer Argentina, off Fire Island last night, will probably be brought here. Fog was also blamed for this accident.

KILLED BY AUTO

CLEVELAND.—Chas. W. Olds, 55, of Circleville, died early today from injuries sustained late yesterday when he was hit by an automobile in public square. The chauffeur was arrested on a charge of careless driving.

### CONFEREES NOW DEADLOCKED ON GERMAN TREATY

Big Four Divided As to Foe's Entrance Into League of Nations

Enemy Governor Urges Berlin Envoys Sign—U. S. Ship Title Threatened

PARIS.—The big four apparently are entangled in discussions and disagreements such as have immediately preceded conclusion of every important subject taken up since the beginning of the peace conference. The situation is especially reminiscent of the closing days of framing the German treaty.

Following Premier Clemenceau's rejection of the revised plan for admitting Germany to the league of nations, which is understood to have specified date not far distant, the big four are trying to reach compromise.

### URGED TO SIGN

BERLIN.—Governor Haber, of the German colonial office, just back from assisting the peace delegation in Versailles, declared today his personal view is that the treaty should be signed, regardless of the allies' reply to the counter-proposals.

"I believe it is doubtful if the present government could sign the treaty without fairly strong modification, if it wants to remain in office," Haber said.

"But it ought to sign anyway, as the entente is ready to send forces into Germany."

"Of course the question of signing or not signing is up to the government, but the Versailles group has made no recommendations one way or the other. Personally, I believe the cabinet should take the responsibility instead of passing it on to the national assembly."

### U. S. SHIP TITLE

PARIS.—America's title to interned German ships appeared today to be somewhat endangered.

Complications in the shipping question which appeared easily solvable six weeks ago, are tying up the final award to America. These disputes involve France, Italy, Japan and Brazil.

Italy apparently is providing the chief obstacle, though without furnishing any reason. Signatures of the British and French were obtained to an agreement for the ships seized in her ports. Italy also announced her readiness to sign, but when it came to affixing her signature she always held off on some pretext or another, without denying the propriety of America's position.

France signed the agreement, contingent on being allowed to buy a number of German ships interned in Brazil.

But Brazil asked all cash for the ships while France wanted to pay part cash and part in securities. Japan is withholding her assent until arrangements are made for her to obtain a certain amount of tonnage from America, which is expected to be easily arranged. Great Britain, meanwhile, is standing on the agreement, despite the protest of British commercial interests.

Portugal is now presenting claims for a part of the German navy as reparation for her naval loss. The general understanding is that Portugal's losses were limited to a few minesweepers, but her claims include light cruisers, destroyers and various other crafts.

### BROKED INDICTED.

NEW YORK.—Paul A. Neuman, of Paul A. Neuman and company, brokers, was indicted at a general session of grand jury today on a charge of advertising stock at alleged false values. The stock was for the Range Burnett Oil company, of Archer county, Texas, a company incorporated in Delaware for \$1,000,000 and in which, it is alleged, 750,000 shares at \$3 a share have already been sold.

### HEADS PROSECUTION OF BOMB THROWERS

Francis P. Garvan, former alien property custodian, has been made special assistant to the attorney general to have charge of all investigation work and criminal prosecutions for the department of justice, devoting much of his time to the anarchist plots.

### SEEKS TO ANNUL DECREE TO WIFE

Husband Makes Counter-Charge After Woman is Given Divorce

Counter-action in which Carl Hollenbacher seeks to annul a decree of divorce granted Monday to his wife Mina Hollenbacher was begun in common pleas court Thursday morning.

In his answer and cross petition he denies all allegations of his former wife and charges her with shiftlessness in the care of their home. He also avers that she failed to give proper care to their two minor children, Robert, 3, and Herbert, one and one half years old.

Her sole ambition, he declares, was to secure a position outside of her household duties and that he was frequently called out of the city from his auto repair shop to tow in automobiles and on returning to his home found no meals ready.

He further alleges that she corresponded with a man at Galion which came to his knowledge October, 1918 when one of the letters were turned over to him.

### MACCABEES MEET

Ohio State Convention is Opened At Elyria

ELYRIA.—Hundreds of Ohio Maccabees assembled here for the quadrennial state convention.

William Graves Sharp, of this city, former ambassador to France, who is a member of the Maccabees, delivered the principal address today.

Tomorrow 1,000 new members will be given Maccabee obligations. The public and out of door initiation will be followed by a big street demonstration.

The Maccabees have 41,000 members in Ohio.

The state and national officers of the society for 25 years have been located at Norwalk. Edward L. Young, of that city, has been great commander of Ohio for 15 years.

U. S. Judge J. E. Sater, Columbus, and Secretary of State H. C. Smith will address the convention.

### MRS. FOHL SAVES HOME OF NEIGHBOR ON FIRE

CLEVELAND.—Mrs. Lee Fohl, wife of the manager of the Cleveland baseball club, saved the residence of George Meyers, 7019 Quinby avenue, from destruction by fire Wednesday.

Mrs. Fohl who lives at 7013 Quinby avenue, observed smoke pouring from the basement of the house, the occupants of which were not at home.

She summoned the firemen. They quickly extinguished the blaze, the loss being small.

## VOTE TO SEVER WORLD LEAGUE FROM TRATY

WASHINGTON.—The senate foreign relations committee today, by a vote of 8 to 7, ordered a favorable report on the Knox resolution, virtually to separate the league of nations covenant from the treaty proper.

The resolution if passed by the senate would notify the world that the United States reserves the right to delay its decision on membership in the league of nations until the senate and the people have fully determined whether they wish such membership.

Those voting in favor of reporting the resolution were: Lodge, Borah, Brandegee, Fall, Knox, Johnson, California; New, and Losses, all Republicans. Those opposing: McCumber, Republican; Hitchcock, Williams, Swanson, Smith, Arizona; Pittman and Shields, Democrats.

The committee's action was almost coincident with introduction of a resolution by Senator Sterling, South Dakota, to except the United States from compliance with article 10 of the league covenant.

Today's developments were regarded as the opening of the great fight to amend the treaty, as approved by President Wilson in Paris, a course, which if successful, Republican leaders admit, may result finally in the United States making a separate treaty with Germany.

Senator Harding, who was absent from the committee meeting, was paired with Senator Pomerene, who therefore could not vote. Harding, it was announced, would have voted for the resolution and Pomerene was opposed to it. Hence the committee was really lined up 9 to 8.

Hitchcock voted for Senator Shields, who was absent, but who opposed reporting the resolution. The report was ordered after two hours warm debate, in which Democrats twice sought vainly to postpone consideration until next Monday. By a vote of 8 to 6, the committee approved Senator Lodge's motion striking out section five of the resolution which pledged the United States in case of a future war, to come to the rescue just as it did in the recent war. It was felt this was unnecessary to the resolution. Democrats wanted it left in.

HITCHCOCK DEFEATED.  
The committee rejected Hitchcock's suggestion that Acting Secretary of State Polk be summoned at once to tell the committee in confidence what effect passage of the resolution would have on peace negotiations. The vote was 9 to 5. McCumber voting with the Republicans. Hitchcock also moved to strike out the preamble but this was defeated, 8 to 6.

Knox was authorized to report the resolution to the senate at once. It was certain, senators declare, to be the center of the most bitter debate yet heard on the floor, as administration forces regard it as the beginning of the campaign first, to divorce the treaty and the league covenant, and then to kill the covenant.

Upon the fate of the Sterling resolution may depend the final vote of a number of senators, it was predicted, as they regard any pledge by the United States to guarantee the territory or independence of other nations as a fatal surrender of American sovereignty.

Chief Operator E. T. Jones of the Western Union said of the 166 operators reported out in the United States at noon, yesterday, many have returned. He described the situation as "practically normal."

Postal officials refused to make a statement, saying no figures were available.

New York Situation  
NEW YORK.—With both sides apparently satisfied, the telegraphers' strike situation in New York was unchanged today.

Traffic officials at the Western Union stated there was no interference with business, that conditions were normal. At the Postal, it was announced that Edward Reynolds, vice president, would make a statement after he had had time to survey the situation.

The last utterances from the strike leaders here were to the effect that more than 1,000 operators were on strike in New York and that this number would be increased. The pickets who were on duty before the Postal and Western Union main offices yesterday were not on duty this morning.

COMPROMISE ON FARE  
AKRON.—Street car service with Cuyahoga Falls was resumed today after the Northern Ohio Traction and Light company had discontinued service two weeks ago because it could not get a fare increase. The company compromised with four tickets for 25 cents and universal transfers in Akron.

TO HONOR YANKS  
Defiance Will Hold Welcome Home Party July 4  
DEFIANCE.—The town that has fed approximately thirty thousand soldiers and sailors thru its Red Cross canteen service and is still feeding them, by the regiment or the individual, just as they happen to pass thru over the Baltimore and Ohio railroad, will celebrate July Fourth this year in an entirely different manner from the old time Fourth.

The Defiance celebration primarily is to a welcome home party to the returned soldiers, sailors and marines, and will take place at the town square and will take the nature of a community picnic.

## STABLES CAUSING MORE DISCUSSION

Residents Declare They Are Detriment to Section—Metheny Says No Money

Property owners along Lakewood avenue, especially C. F. Ashton, Judge Kent W. Hughes and Dr. A. L. Jones are anxiously wondering when the city is to move the stables which are located in the city park just back of their properties.

Every year at about this time the stables become obnoxiously noticeable, odoriferously unpleasant, and are constantly a detriment to the attractiveness of this residence district, it is declared.

Councilman E. R. Foster has had the matter up before council several times, and stated that special appropriation had been made, at two separate times to have the buildings moved, but that nothing had been done.

Service director Metheny stated that no appropriation had ever been made and that there had never been sufficient funds in the park budget to make the shift, as the total expense would be approximately \$900.

"There has never been a great deal of money left over in the park fund," said Metheny, "and whatever part of the appropriation has not been spent has been credited to the park expenses for the following year. The property owners along that street bought and built after the stables were there, so it is not up to the city."

## Storm Gods Show Much Favoritism

The storm-gods showed special favoritism Thursday at noon, when certain sections of Lima were inundated by a spring freshet, and other districts were not even sprinkled.

The freak storm was preaged by ominous thunder peals, and lowering clouds, but the public square was bespattered by only a few scattered drops of water, while other outlying sections of the city were drenched in a heavy down-pour.

Similarly with last Saturday's downpour pedestrians in the wet sections were scarcely able to venture out, and the streets were turned into canals.

## CITY WITHOUT POWER WHEN POLE IS BROKEN

A broken trolley pole at east Market street and the Baltimore and Ohio tracks caused the electric power to be shut off for a considerable period Wednesday afternoon, while a new pole was installed.

The extra high voltage carried over this pole, 1,200 volts, made it necessary to shut off the entire power. It was stated that a trolley pole on a street car jumped the wire, and struck a sustaining wire, breaking the pole.

## Says Nervousness Caused Her Hours of Sleeplessness

This Gloversville Woman Strongly Endorses Tonic That Restored Her Blood

Good blood is sufficient quantity is the best insurance against nervous trouble. The nerves, like every other part of the body, must have plenty of nourishment to perform their work and they get this nourishment from the blood. It is of the utmost importance, therefore, that nervous, thin-blooded people should begin treatment with a tonic before the condition becomes serious.

Mrs. Mary Arnold, of No. 15 South Judson street, Gloversville, N. Y., was a victim of nervousness until she found the right remedy. Describing her experience she says:

"I was so nervous that I couldn't sleep and night after night I was forced to get up, walk around and try to get calm enough to sleep. I couldn't lie on my left side without having smothering sensations. My lower limbs were so weak that I trembled constantly. I also suffered from terrible headaches. My stomach was upset after eating and my appetite was poor."

"When it seemed as though nothing would help me I heard about Dr. Williams' Pink Pills and procured a box. There was such immediate relief that I continued the treatment until my nervousness had disappeared. My appetite improved almost at once and I was able to sleep comfortably and was rested and refreshed in the morning. I am much stronger now and the headaches are less frequent and much less severe. It gives me pleasure to recommend Dr. Williams' Pink Pills."

Your own druggist can supply you with Dr. Williams' Pink Pills or they will be sent by mail postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write for the free booklet on nervous disorders and diet.

## WILL OPEN BIDS ON BIG SEWER JUNE 25—NO LOCAL FIRMS HAVE MADE TENDERS

One week from next Wednesday the bids on the half million dollar sewer project, the Collet Street Relief, will be opened.

At the present time there have been six bids received, the only Ohio contractors being Springfield and Cincinnati companies.

Several more bids are expected on this big work and material men will begin to congregate around the 25th of this month, when the bids are opened.

The Andrews Asphalt concern, which is paving Baxter street, met with a slight delay Wednesday when a cave-in occurred in a sewer excavation at the corner of Baxter and High street. One man narrowly escaped being buried, but aside from much extra digging no ill results.

**DISMISSES CASE.** Judge Klinger dismissed the divorce proceedings of Ella Shaffer against her husband, W. H. Shaffer in common pleas court Thursday, holding there was no cause for action. In her petition Mrs. Shaffer charged extreme cruelty and frequent intoxication on the part of her husband. He posed as a single man, she alleged. He denied all charges in his answer to her petition.

## SELFIDGE OUT FOR SOLICITOR

Will Oppose Garling—Other Candidates File Papers With Election Board

With but one more day of grace in which to file candidacy papers, the board of election office was a busy place Thursday.

C. Valvin F. Selfridge has entered the race for city solicitor on the Democratic ticket. Fred C. Becker, F. A. Stapleton, T. A. Collins, John J. McAllister and W. H. Duffield are signers of his petition.

Jesse H. Hamilton is in the race for re-election on the Republican ticket as justice of the peace.

J. H. Herboltsheimer, Democrat, and John H. Altenburger, Democrat, are out for election as councilmen-at-large.

J. F. Brenneisen has filed for re-election as councilman from the 6th ward on the Democratic side, and Albert F. Schmoeckle, Democrat, is out for president of council.

William Tierney, Republican, 1st ward; William B. Cosad, Republican, 2nd ward, have filed papers.

George R. Mantis, incumbent Republican councilman from the 3rd ward, has filed his bid into the ring for re-election.

The following individuals have filed for assessors: J. W. Smiley, Republican, 6th ward; Thomas J. Mapel, Democrat, 4th ward; W. Westbay, Democrat, 2nd ward.

Herbert A. Thomas, Republican, Sam A. Plummer Democrat, and James Edward Dexter, Republican, have filed for election to the school board.

Ben L. Jauman, Democrat, is out for mayoralty election for the city of Delphos, with Stephen H. Walmsworth, Democrat, for treasurer, and W. S. Kimball, Democrat, city solicitor, of the same city.

## NEED MEN; MONEY

Police Force Must Be Increased Next Week, Says Chief

Action in a special meeting of the council may be necessary to provide funds for the employment of additional men to supplement the present police force during the coming week of the G. A. R. convention. No funds are available for this purpose according to Chief of Police Roush in a statement made Thursday.

"Extra men have been asked for next week, but no action has been taken," he said.

## MARRIAGE LICENSES.

A license to wed was issued Charles R. Mumper, 24, car repairer, 1145 north Elizabeth street, and Katherine C. Heil, 19, 443 north Elizabeth street. Rev. Hoernsman.

## CHILDREN GET ESTATE.

The will of Hannah J. Stoup, widow, was filed in probate court Thursday. One son and one daughter are named as heirs.

## TWO ARE ENLISTED

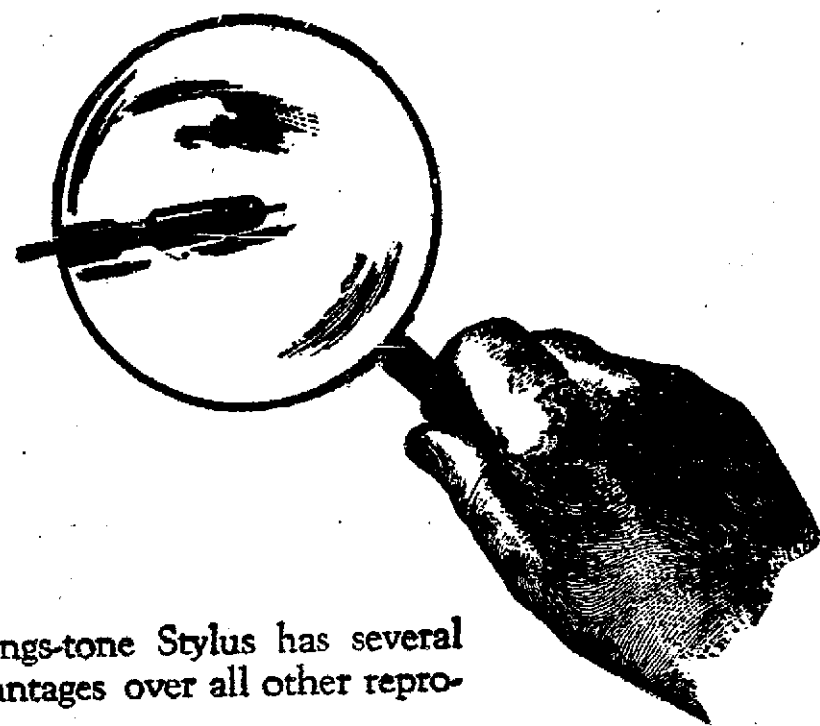

Two applicants were accepted for service in the navy Thursday, and will be sent to Cincinnati. Both enlisted as apprentice seamen. They are David E. Kramer, Kenton, and Walter A. Wood, Spencerville.

# Victor Tungs-tone Stylus

## -the perfect reproducing point for playing Victor Records

THE Victor Tungs-tone Stylus has several important advantages over all other reproducing points.

It not only provides the perfect point which is essential to the proper playing of every Victor Record, but it has besides the convenience of being semi-permanent—plays from 100 to 300 records without changing.

The tungsten point being cylindrical in shape always presents the same perfect point for every part of every record—for the last record as well as for the first. And the ductile tungsten being softer than the record wears slowly away and protects the record from the injury that a hard needle would inflict.

The Victor Tungs-tone Stylus is made in both full tone and half tone. It is changeable at will, thus retaining all the advantages of the Victor system of changeable needles, and enables you to get the utmost enjoyment from every record.

## NEW COMMUNITY HOUSE DEDICATED

Many Visiting Church Dignitaries Assist in Services at St. Gerard's

In an eloquent sermon in which he eulogized the work done by the Redemptionist Fathers in Lima, the Right Rev. Joseph Schrembs, of Toledo, officiated at the dedicatory services of the new community house at Robb avenue and West street, Thursday morning.

Over fifty leading church dignitaries from eastern states attended the function, coming from New York, Baltimore, Brooklyn and other cities, as well as Cincinnati and Toledo.

Bishop Schrembs celebrated solemn high mass early in the morning, followed by a solemn blessing of the community house.

The beautiful marble altar in the community chapel was consecrated by Bishop Schrembs, assisted by Monsignor Manning, of St. Rose, and Monsignor A. J. Schwertner, of Toledo.

The mass was sung by a choir of children.

Thursday evening an entertainment in the school basement will be given by the children, supervised by the Ursuline nuns.

## MANY TAKE MEMBERSHIPS IN BOY SCOUTS' CAMPAIGN

The Boy Scouts of America campaign for associate memberships is progressing in a most satisfactory manner, says H. E. Simonton, Allen county chairman.

Licking and Lawrence counties reported Wednesday that they were over the top with their quota of memberships raised.

Allen county is called upon for 1,000 associate members, who will assist in furthering the scope and work of these youthful soldiers and champions of worthiness. An associate member is any adult who will pay \$1 per year to the Boy Scouts of America.

## CONGRESS CAFE AGAIN OPEN TO THE PUBLIC

The Congress cafe opened its doors today to an expectant clientele of diners, who had been waiting for the re-opening of this popular stag cafe.

With elaborate decorations and new fixtures, the cafe is attractive and immaculate.

A large cigar stand is located in the fore part of the cafe. The brick is used in the outside decoration.

## KOLCHAK BACKED

PARIS — The allies have wired Admiral Kolchak that his reply is substantially an agreement to the propositions and that they are therefore willing to extend him the support set forth, it was officially announced this afternoon.

This action apparently constitutes virtual recognition of the Omsk anti-Bolshevik government. Earlier unofficial reports indicated recognition might be withheld.

## LOAN PUBLICITY WRITERS FORM NEW CORPORATION

The success of the Liberty Loans in this district has encouraged the publicity organization, whose headquarters are located at Cleveland, to maintain their identity in a commercial concern, according to information received by the Allen county directors of publicity for the loans.

The new company will be known as the Sam B. Anson company, and will handle all forms of publicity campaigns, either national or sectional.

## MUST SMILE AND ATTEND PICNICS

**Kansas Governor Tells What People Expect of Executive and What He Does**

NEW YORK. — Henry J. Allen, Governor of Kansas when in New York welcoming the Kansas troops, was asked what he thought of the job of being Governor.

"I shouldn't advise a young man to take it on as an attractive and easy occupation," he said. "The job has not regular hours and is not, as many believe, all indoor work. Being governor is the only employment I ever attempted which made running a newspaper (The Wichita Beacon) seem like an easy sort of job. Yet at the conclusion of my busiest days I can't figure up where the Governor has earned his salary."

"The most heart-breaking thing about my job is that when a man goes into it he takes it rather seriously. Then he discovers that a large part of the people expect of him is to keep as smiling front and go to picnics. And when one committee calls to invite you to their picnic and finds

you're at another, the story is started that the Governor is a gadabout, never in his office."

Allen declared it is truly remarkable what some men will campaign in all sorts of weather to get.

"The governor's day begins with the mail," he continued. "The letters pertaining to state business are easy. The crank letters are like dandelions — no matter how many you dispose of there are still more. An auto owner will write in fully convinced the Governor is implicated in the increase of auto theft. A wife will write that her husband came home with liquor on his breath, and what does the Governor intend to do about it?"

"Then, after the mail, comes the rather serious business of explaining to people how the Governor happened to appoint others to office instead of them. A governor's life is one constant struggle to secure efficiency and yet maintain speaking acquaintance with his political assistants."

"When matters pertaining to politics are disposed of the Governor is free to hear the first of the morning's hearings. There are hearings and hearings, on everything from pardons to management of a university."

"After four months of it the Governor has fully decided to go back to the job he left, and has already begun to build up an organization for election."

## PEASANTS FIGHT THE BOLSHEVICS

**Use Scythes and Any Kind of Weapons Against the Reds**

PARIS. — Between Vienna and Budapest, around Pressburg, Hungarians and Czechoslovaks have been battling, while in the north, around Kaschau, the communist troops of Hungary have been driving back the Czechoslovak soldiers.

But on the edge of the battleground between the two peasants have revolted against the Bolshevik leadership, in Hungary and with everything available from guns to scythes have opposed the efforts to force them into the Red army.

With the way established thru Hungary, the Bolsheviks of Russia would force the Red Army over the border into Czechoslovakia and Austria.

**ENTITLED TO ONE DRUNK DALLAS** — "Every man who has fought in France is entitled to one drunk," Judge Robertson ruled, freeing a returned soldier who had over-celebrated his homecoming.

## A Vacation Paradise

*Lakes and Mountains of Northern New York*

The forest-crowned, lake-dotted roof-garden of New York State, offers vacationists three and a half-million acres of scenic beauty and historic interests where you may rough it in camp, or enjoy the luxuries of many splendid resort hotels. Camp, Canoe, Bath, Sail, Fish, Golf, Tramp—breathe the invigorating air, and enjoy the companionship of interesting cosmopolitan people. Few places like it in all this great land of ours.

The Adirondack Mountains, Saratoga Springs, Lake George, Lake Champlain, the Thousand Islands, Niagara Falls—what ever is "out-of-doors" for you is here in perfection.

NEW ENGLAND offers the lakes and woods of Maine, the White and Green Mountains, and those famous beaches and rock-bound coasts along more than 700 miles of ocean shores with their many fascinating resorts and interesting people.

THE NEW JERSEY COAST, from Cape May and Atlantic City to New York Bay, likewise is another perfect paradise of seaside recreations. Forty beaches, with a variety of sport, life, interests, and fine hotels.

The United States Railroad Administration invites you to travel and offers Summer Excursion fares. Ask your local ticket agent to help you plan your trip, or apply to the nearest Consolidated Ticket Office, or write for illustrated booklets, as given here, with list of hotels, and authoritative information. ## When a Girl Marries

By ANN LISLE

"It wasn't a jealous cat who told you all those cruel bits of gossip about Phoebe?" cried Virginia, interrupting me with sudden force. "You mean it wasn't a woman?"

"It was Pat!" I said quietly, hurling my hand grenade with the grim certainty that the time fuse wasn't right and that the explosion wouldn't take place just as scheduled.

Virginia stirred a little on her throne. She crossed her pretty, slender feet, tucked them childishly under the chair, then thrust them out again and crossed them just as they had been before. Her hands didn't move, but they whitened a bit at the knuckles as if she were gripping the arms of the chair with stern force.

"Pat!" she said, and laughed quite mirthlessly. "Pat. He's in big business following my little sister about and spying on her. I'm ashamed of you, Anne—ashamed and bitterly disappointed to think you'd listen." "Jeannie," I replied with the semblance of a composure I was far from feeling. "I'm surprised and bitterly disappointed to think—you won't listen!"

"Are you trying to be humorous?" asked Virginia in a strangled voice. "Humorous!" I retorted, passionately. "Humorous, indeed, when I brave the Harrison pride, knowing what a dragon it is. Virginia, I'm dead in earnest. And so was Pat. He adores Phoebe. She's a baby-girl to him—a little girl to protect and cherish. And if you'll just be fair, you'll see I'm right."

Virginia stared at me in amazement for a moment. Something in the tremendous feeling I had and dared not express must have swayed her and moved her to recognize the truth of my feelings. For this Phoebe had been "protected" from Neal and his boyish love. For this my little dead mother's diamond circlet had been torn from Phoebe's finger, and the betrothal of the two young things had been ended. . . . I couldn't say a word of it, but some part of what I felt seemed to compel Virginia's respect. And as she stared at me, wide-eyed, with tightening jaw and quivering throat, I ventured on with the fearlessness that really belongs to a just cause: "Virginia, I don't like Dick West."

I hated the way he sneaked us through that narrow dark alleyway to a restaurant that had a bright enough front entrance. And I'm convinced that Evvy's a cat ready to claw all the Harrisons. And Sheldon—Sheldon's a flirt!"

Virginia flushed and bridled. "Oh, really, Anne, I'm not sure that—all women aren't—cats," she said smoothly.

"Well, let's not set out to prove it," I laughed nervously. Then, encouraged by the flicker of a smile on Virginia's lips, I rushed on:

"Sheldon is a flirt, Jeannie. He was tremendous taken with you at sight, that I know. So he just flung Evvy over like that—pouff!—for you. And when you did not encourage him—as, of course, you wouldn't, since he was not clever enough to interest you—he talked a bit of nonsense to me, and now he's using Evvy to further his flirtation with Phoebe. Am I right?"

"You put it rather cleverly," smiled Virginia, recognizing my efforts to be charmingly tactful, but not resenting them for all that.

"Of course, you wouldn't bother with him, but he might turn the head of a baby like Phoebe. I went firmly on my appointed way."

Then Virginia surprised me. "You don't think Pat has ever seen Shelly out with me—and is—doing this on that account?" she said disjunctedly, but not at all incoherently.

"Would he?" I asked boldly.

Virginia sat thinking for a moment—her face was grave and white. I wondered if she could doff the Harrison pride, if she could warm her own coldness to the ardent flame of a big, fearless love, what then would be her answer. I wondered if she were capable of a big, fearless love. I wondered if Pat had asked it of her and she had been too wrapped in her icy mantle of dignity to give it. Or had she given lavishly and had Pat flung it back at her unwanted, or trampled it in the dust at the shrine of his own egotism? I wondered, but I wasn't sure that I had the right even to want to know.

"Would a big man like Pat Dalton stoop to revenge himself on a little one like Sheldon?" I asked.

"You think Pat is big?"

"Big and strong like a real man, with big, strong faults; and weak

and helpless like the boy he has never quite outgrown—he's Ireland itself," I replied.

"Yes," said Virginia, starting ahead and sitting so still that I was afraid to breathe lest I break the spell.

Then she turned and caught my eyes fixed on her. And her pride took flame. I could see her struggling to retrieve her cold dignity, and the dash that came into her eyes when she had found her way warned me that the ice around Virginia's heart hadn't melted—might indeed never melt.

"He's Ireland, indeed. And I'm England. So now you understand the situation." She said with elaborate lightness of touch. "And now about Phoebe—"

"Yes," I said hopefully. "you'll talk to her after all!"

"There's nothing I can say or do, Anne. Nothing. She won't listen to me. She and I don't speak the same language. She resents me—I've told you that. And under the circumstances I don't want to make myself utterly ridiculous. Have you spoken to Jim?"

"He won't listen—pooh poohs it! Dick West is his partner, you know. And he believes in Evvy's baby stare."

"So that's—well, then there's only one thing to be done, Anne. You speak to Phoebe. That's quite simple, isn't it?"

But, remembering Neal, something in my heart told me it wasn't so simple after all.

## Have You Looked at Your Bathing Suit?

If you have, maybe you found that last year's bathing suit wouldn't do for this year's suit—too worn out, too small—or something. At any rate, there are bathing suits here for ladies and children that are of the newest design and the pricings are wonderfully reasonable.

For the youngster who wants to go into the water to cool off we have nifty suits in sizes 2 to 10. The cutest knit suits for the little tot and others in cotton, wool and mohair. Reasonably priced at 95c and up to \$3.50.

For the Big Miss, sizes 12 to 16, there are many nobby styles and color effects in cotton, wool, cotton jersey and sateen at \$2.50 and up to \$7.50.

Ladies' Plain and Novelty Suits in beautiful colorings and chic styles, sizes 36 to 54, in cotton, wool, silk jersey, mohair, sateen, satin and silk. Prices range from \$2.75 to \$16.50.

In connection with this we have the requisite shoes, slippers, bags and caps.

## Attractively Gowned Because Correctly Dressed

Distinction in dress is more often a matter of proper corseting, than choice in style of gown. The corset, today, is the foundation of all good dressing.

An R. and G., back laced or front laced model, designed for your type, is a positive help to a better figure, for it molds your figure into ideal lines, at the same time assisting in the retention of the graceful ones you already possess.

For Summer wear and dancing there are none better than our R. and G. medium bust or topless corsets or elastic, sport girdle in either white or pink.

## U.S. MAINTAINS GREAT SCHOOLS ON FOREIGN SOIL

Government Trains Soldiers for Civilian Life—Thousands Are Enrolled

WASHINGTON. — Probably the greatest educational organization in the world is now being maintained by the United States War Department in Europe.

This school system is training or has trained about 300,000 men. It has spent more than a million dollars for text books alone.

Prominent in the work is F. E. Spaulding, superintendent of Cleveland public schools.

Before the armistice the War Department had formed plans for educating the men in Europe, and the Y. M. C. A. was already conducting some schools.

With signing of the armistice both the need and the opportunity for such a system became immediately greater.

### MILLIONS UNDER ARMS

There were several million Americans under arms. Those still on American soil could be quickly demobilized, but it would take a long time to return the overseas troops, while some of them would be detained there indefinitely as an army of occupation.

Not only did this present an opportunity to prepare these men for civilian life, but it made it absolutely necessary to provide some occupation for them, since their military duties were greatly relaxed.

Accordingly the plans for an educational system were speeded up. The work of the Y. M. C. A. was placed under military charge and greatly expanded, while leading American civilian educators were called upon for aid and advice.

### FOURFOLD SCHOOLS

The American school system in France is divided into four parts; the Post Schools, the Divisional Educational Centers, the American Army University at Beaune and the detail of officers and soldiers as students at French and British universities.

A post school is an elementary school, like our own public schools from the eighth grade down. There are 150,000 men in these schools including 18,000 in the army of occupation.

The divisional education centers are the high schools of the army. These schools have both vocational and general courses, like modern high schools.

The popularity of these schools is indicated by the fact that the Eighth Corps school, including three divisions, has 3,000 students.

In order to provide specialized instruction in various subjects, the War Department has organized a central institution at Beaune, which is called the American Army University. This is the largest English-speaking university in the world. It had 6,000 students in March and was expected to reach an enrollment of 20,000.

The fourth division of the overseas educational system is the detail of American officers and men to French and British universities, by special arrangement with the French and British governments. About 14,000 Americans are enrolled.

Officials in charge of this educational work are enthusiastic about the good it has accomplished.

It has made tens of thousands of men contented and busy who would otherwise have been restless and idle. The students in foreign universities, especially, are doing more than any other Americans, perhaps, to cement the friendship between America and her allies.

## FORCED TO WRAP BABIES IN PAPER

Situation Surrounding Czechoslovak Mothers is Given in Report

PRAGUE.—“We have paid a terrible price for our liberty but we have it at last. Yet what good is the precious possession of it, if our children are to grow up stunted in growth and too weak to repair the ravages of war?”

This is the question Miss Alice Masaryk, daughter of the president of Czechoslovakia, put to herself when she first saw the Czech children, weak and stunted in growth from underfeeding.

Miss Masaryk is remembered in America for her settlement work in Chicago, while her father, Professor Thomas G. Masaryk, was exchange professor in the University of Chicago.

After being held as a hostage in an Austrian prison camp and narrowly escaping the tragic fate of Edith Cavell, Miss Masaryk is now co-operating with the American relief administration in its program for Czechoslovakia.

“Our mothers,” she writes to Mr. Hoover, director general of the American relief administration, “have nothing but paper with which to wrap their little new-born babies. In the hospitals many of the sick children are without covering of any kind, so scarce is clothing and linen.”

“Besides our great need of clothing,” Miss Masaryk continues, “we need food and soap. Tuberculosis and typhus are raging in some districts uncontrolled.”

## AMBULANCE REMOVALS

Williams and Davis removed J. H. Lehman from the City hospital to his home west of Elida.

Eckert's removed Miss Dettie Myers from the Business College Block to Dr. Thomas' office and from there to St. Rita's hospital.

Schuller and Hooks removed Mr. Reed from Roundhead to 903 north Charles street.

Marguerite Gabagan from St. Rita's to the corner of Wayne and Main streets.

## DECLINES DETROIT OFFER.

CINCINNATI.—Randall J. Condon, superintendent of Cincinnati schools, today sent a telegram to the Detroit board of education, declining to accept the superintendency of schools in that city to which he was elected on May 26. Dr. Condon said he would not be a “plaything of politics,” such as had developed in Detroit.

## MOVE TO BLOCK TYPHOID FEVER

State Health Department Calls for co-operation—Work Being Reorganized

COLUMBUS.—The State Department of Health today called for the people of Ohio to co-operate in effort to forestall the usual high mortality rate due to typhoid fever in June of each year.

These are recommendations by the department:

Use of water and food supplies of known purity.

Destruction of dirt piles which are breeding places for germs.

Screening of homes and places where food is kept.

The department predicts that if these precautions are carried out Ohio will break all previous records for low typhoid prevalence. Reported cases for the first five months of this year were 350. This is one-half the total for the first five months of last year.

The department today started reorganization of the state health administrative machinery in accordance with the Hughes health law which goes into effect August 10.

Officials are preparing pamphlets which will be sent to the Ohio mayors

and township trustees telling them just what they must do to comply with the new statute.

Under the plan each county is established as a single health unit, with the exception of cities over 25,000 which will be created as a separate health district. Each district must have a full-time health officer, at least one nurse and one clerk.

Each district will have a board of health.

### A QUERY

Ah, Myrtilla,  
Queen of my heart,  
Whom I have cherished  
These long, long two years,  
And whom, some day,  
I fain would wed—  
In my fat head,  
There is a question  
And no suggestion  
Of an answer.  
Doth appear.  
I ask you, kindly  
And without  
A doubt,  
Sincerely—  
I've known you long,  
And in that time  
I have not seen  
An ear upon your head,  
Though it is said  
That women folks have ears  
Just like the men.  
In fact I have not seen  
A woman's ear in full fifteen  
Or twenty years.  
Why hide those shells  
From mortal gaze  
Throughout your days?  
Or, if, perchance,  
You women really  
Have no ears  
Or such,  
I'd like to ask just  
How you hear so much.

### JUNE IN HISTORY

June has always been an important month, even without considering the weddings. The following important things have happened during the month:  
The Junebug was discovered.  
The circular wooden comb for barber shops was invented.  
The first nut tree was planted in Brazil.  
Napoleon ate his first dish of fried onions.  
Henry Ford first visualized the flivver.  
W. J. Bryan discovered the Chautauqua tent.  
John Wesley first preached in his shirt sleeves.  
Ellis Parker Butler wrote "Pigs in Pigs."  
Lillian Russell was married.  
Some unknown explorer discovered June peas.  
Leon Trotsky bought a set of furniture on the instalment plan.  
Several Civil War battles were fought.  
Irvin Cobb left Paducah, Ky.

## Today's Health Hints

### FORTY AND FATUOUS

When a man's chronological speedometer begins to tremble around forty he generally acquires a vast contentment. It sticks out on him all over. He radiates satisfaction. He is a substantial citizen, thirty pounds or more too solid for the good of his country. But he revels in his very solidity. He mistakes his high stomach for dignity and his high blood pressure for hearty good health. And he eats and eats, and smokes, and just enjoys himself to beat the band, all in a quiet, dignified, home-body way.  
At forty a man is nearly grown up. He has poise, character, from one to half a dozen bosses, and eke a gasoline buggy. Now and then he has a grain of sense too. At forty a man has well estab-

lished habits, or the well established habits have him, depending on the man and the elevation of his stomach. At forty a man is at his best, and his best is good for twenty years. At forty a man quits lamping around and settles down to love his wife truly and labor for his children and his children's children, for by this time they are coming along.

Yet at forty-five a man is middle-aged, and the change of life is upon him before he realizes it.

The change of life, you know, is not wholly imaginary. It really happens—ask Mrs. Harris, she knows. Yes, indeed, the middle-aged man is a candidate for every ailment Mrs. Harris can possibly mention in polite society. Bright's disease, hardening of the arteries, heart muscle failure, apoplexy, cancer, and everything. The women have no corner on the change of life; theirs only to procrastinate while the disease gets a good start, thanks to the vague rumors propagated by Mrs. Harris. A man, being by nature a less credulous person, takes little stock in Mrs. Harris' views; when he feels himself slipping, he goes to the doctor for an examination. He has just enough sense to do that after forty.

It's a great age, forty. Next to sweet sixteen, which is the greatest age in the world, and twenty-one which is getting quite common, forty is by all odds the finest age for a man. Thirty used to be considered ideal, but that was in the days when men were very good and died young. Forty, comparatively, is now the mildest spot on the spot where thirty used to be. Life is longer today by at least ten years than it was fifty years ago.

About thirty-six or so a man ought to begin training to stay forty as long as possible. He ought to camouflage his birthday, sneak past them without exciting any comment on the part of the family, so that in a little

## City Affairs.

DULL MONOTONY seems to have settled down upon city affairs since the start of the campaign for a city-manager, and since the passage of legislation for municipal work. Excavation has started on Baxter street but not a brick has been moved on Main and there is little likelihood this thoroughfare will be improved this year.

CITY HALL is as dumb as an oyster on the new waterworks reservoir which will be sadly needed when August hits the city and the annual threatened draught of the fall months is dependent upon God or nature. No rainfall at this period means no water for Lima unless the new reservoir is in action.

THE CHAMBER OF COMMERCE has offered nothing to either argue or think about of late. It denies that as a body it is the father of the new form of proposed government, but the Chamber's secretary seemingly thinks nothing, dreams nothing nor yet wants nothing but this new panacea for all ills.

NO EFFORT IS BEING MADE towards the one thing which will pull Lima out of its financial dilemma. There is no form of government that will do it; no personnel of men can do it; but one thing can do it, and this thing has two sides, as most things have. The one side and the usual side is an increase in taxes; this theory should be abhorrent. Lima wants no higher tax rate to act as a boomerang against new industries or new property owners. The other thing is just, should come and must if Lima's financial troubles are to be ended. This other thing is some revaluation of business property at somewhere near the level of real worth. On east High street are two business blocks, either with 50-foot frontage. One is valued at \$12,000 on the tax duplicate and is deeper than another on the duplicate at \$18,000. For one a price is asked of \$60,000; for the other the value is placed at \$75,000. Yet with the Smith law of 1.5 limit, business district property is enjoying the lowest taxes in the history of the state. On the other hand, start putting them out to within two-thirds of their present selling price and hear the yell go up. It is time for the yell.

## Getting Beat

THE OTHER day we were passing a bunch of youngsters who were discussing something of importance to them. We heard one of them say, "Gee, it ain't no disgrace to get beat up. Some kids think it is. It's a disgrace to run."

THAT LAD had learned a valuable lesson early. He was right. There is no disgrace in being beaten. Everyone who does things nowadays gets beaten physically and mentally many times. It's no disgrace. Each beating only makes us stronger men and women for the next bout. We gain much experience from each battle.

THOSE WHO stick to the bit of philosophy spoken by the youngster thru life will never be worried with the crowd at the foot of the ladder of success.

MISS LIMA: "Of all woman's weapons tears are the most effective."

## Unpopular Official

SHOULD SOMEONE start a contest to determine the most unpopular official today Postmaster General Burleson would be so far in the lead he would have no competition. Each day adds more to his already heavy burden of unpopularity. Seemingly everything he does brings new criticism.

YESTERDAY steps were taken by the postal employees' section at the convention of the American Federation of Labor to ask President Wilson to remove Burleson. He is charged with interfering with their rights in violation of the law.

BURLESON'S CASE is another instance of an official getting in wrong. It is the criticism today that probably only his retirement from public life will bring it to an end.

while folks would learn to size him up and say: "I wonder how old that bird is, anyway?" It is an excellent thing for everybody, including the man himself to keep them guessing about that.

### QUESTIONS AND ANSWERS

**Little Ones Anxious to Grow**  
I would like very much to know if there is any possible way to make me grow a few inches. I am nineteen, a girl—not a young girl of nineteen mind you—weigh 124 pounds with clothes on, and am 5 feet and 1 inch tall. I never sister was much taller than I am (Miss B. E.).

**ANSWER**—I know of nothing that will influence the stature of adults. Sometimes quackery and treatment administered by the family physician seems to stimulate growth in children whose growth is retarded. Assuming your clothes weigh 10 pounds, you are underweight. Take a yeastcake after food twice a day. Yeast is rich in vitamins and is essential for growth.

**The Late Lamented Egghead**  
Is an egghead taken daily beneficial? Could the egghead be the cause of my skin being so dry? My skin is growing more yellow, and there are brown spots under my mouth and on my forehead. Can you suggest anything for this? (E. M. C.)

**ANSWER**—Egg plus milk, plus sugar plus cinnamon plus vanilla plus ice makes an inviting knock-knock for one who for any reason cannot eat eggs cooked. It could scarcely account for a yellow complexion. The brown spots are best removed by taking half a dozen cold water fore breakfast every morning, half a dozen more before retiring every night, and a couple miles of oxygen on the hoof three in diameter other words, daily physical exercise three times daily to increase oxygen absorption.

### OHIOANS WARNED.

COLUMBUS.—State public utilities commission has sent out a warning to gas consumers to prepare for an inevitable gas shortage next winter. Consumers are urged to lay in enough coal to tide them over the usual winter shortage.

The commission has divided consumers into industrial and domestic for curtailment purposes. In an emergency, industrial consumers will be cut off first.

## CONFESSIONS of an EVERY DAY WIFE

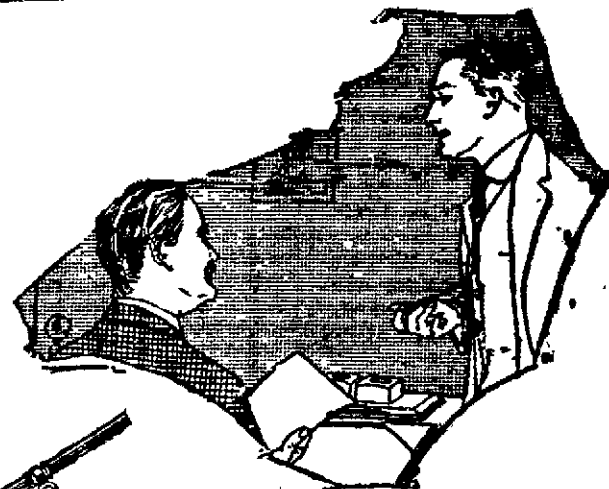

BY IDAH MUGLONE GIBSON

### MRS. CHARLTON IS STILL SUSPICIOUS

"Now that you are here, won't you come into my room?" I asked Mrs. Charlton. "The Major tells me he has a little business that will not keep him long and then maybe we can have supper. It was late when I got in, and I did not get any dinner." Mrs. Charlton hesitated and then her curiosity got the better of her suspicion. "Then his business was not with you," she said as she walked quickly into the room and gave a little voluntary cry as she looked out of the window. "Your husband is with you, Mrs. Symone?" "Good heavens, what next?" I thought, but before I answered I too, came near enough to the window to see on the other side of the street Theo with Sallie Saunders clinging to his arm! "He came over on the early train to meet my brother's wife," I managed to say. "Then did not come with you?" she said in a tone I resented until I remembered that she was in love with Major Gordon. "No," I answered rather flippanantly. "Did you?" "I did not know either of you were coming," she affirmed, rather sullenly. "Indeed, it seems rather queer that we all should have hit on this time to come to this place and that we all forgot to tell any one of our intentions. Perhaps you told Major Gordon you intended to come over, or did you decide to come to meet your brother's wife after you knew the Major was to be here?" Mrs. Charlton tried to say this smilingly, but I understood her motives and I determined not to get angry. "My business was something I was doing for Dad. You know my father is Police Commissioner, Mrs. Charlton. He is also in the government secret service." "When Major Gordon asked him for someone to help him round up a government suspect—my father asked me if I would take the job, as he did not want to intrust it to anyone that he had at present in the office." "Major Gordon did not know I was coming until I got here and was probably more surprised to see me. My husband did not know I was coming, for I took a later train than he did." "We will send down to the office, and see if he is here and ask him to join our party," I said suavely. "I was almost sure that Theo and Sallie Saunders were on their way to the night train home. Surely they would not stay out all night together. I had intended to take this train myself, but Mrs. Charlton's unexpected appearance had made me miss it." "When I saw Theo and Sallie Saunders together I knew my husband had come over here to meet her and for a moment Eliene, the Major,

Charlton, had we not better order supper? I had intended to have it downstairs in the dining room, but now that you are with me I think we can venture to invite the Major to sup with us in this sitting room." Mrs. Charlton could not resist remarking that as the Major had evidently been there before in consultation with me alone she certainly could see no objection in his dining with both of us. All at once I began to get hot and cold. I saw just what interpretation Mrs. Charlton was putting on the mix up. I could see that she was not quite satisfied, however, at my explanation. I thought that this being the case I might turn the tables a little and inquire of Mrs. Charlton what brought her over to the city. "I heard of a fine dressmaker," she said, after a moment's thought, "and decided I would come over today and see if I could persuade her to do some work for me." "You must have come on the same train with Major Gordon," was my remark. "Too bad that you did not see each other at the station." Mrs. Charlton's face was a vivid flash of color in an instant and I knew that she had kept out of the Major's sight. "Now that we are here, Mrs.

## BIG WELCOME TO U. S. IS EXPECTED

Brazil Watching Entertainment Plans for Her President During Visit

RIO JANEIRO — Brazil and her friends have turned a speculative eye to the United States to see what form the reception to Epitacio Pessoa, president-elect, will take. He is now enroute to New York from Lisbon on the French armored cruiser Jeanne d'Arc.

The United States, according to the belief of Americans here, must equal or surpass the efforts of Europe, where Pessoa's entertainment was not left to minor officials, but was handled by rulers and the biggest statesmen. Added importance is given Pessoa's visit to the United States as a result of the steady anti-American propaganda being waged here.

While the friendship between Brazil and the United States is traditional, and based on mutual interests and aspirations, Americans here point out that powerful interests are seeking to undermine this friendship and are prepared to seize upon real or fancied neglect of Pessoa while in the United States as fuel to the campaign against Americans.

In fact, propagandists already have begun attacks of this nature, saying that President Wilson was the only head of a peace delegation not to bid farewell to the president-elect when he left Paris. They are predicting the American government will be "too busy" to pay attention to Pessoa.

"I feel it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed."—A. C. Galtbrath, 703 Reed Street, Erie, Pa. "I'd rather get a letter like that," says Peterson of Buffalo, than have a thousand dollars. It does me a lot of good to be able to be of use to my fellow man. For years I have been selling through druggists a large box of Peterson's Ointment for 35 cents. The healing power in this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic; piles that other remedies do not seem to even relieve are speedily conquered.

## Woman and Her Work

Mrs. Edward Fisher, of the Flinlay Road, was hostess to the members of the Wednesday Euchre club at her home Wednesday afternoon. The rooms of her cozy home were adorned with bowls of roses. At the conclusion of the game Mrs. Edward Schlatter, and Mrs. Roy Lippincott were awarded the club prizes and Mrs. C. S. Swifts the guest prize. Before the conclusion of the afternoon the guest showered Mrs. Fisher with many dainty gifts. An appetizing tea was served at 5:30 o'clock by the hostess assisted by her mother, Mrs. Fetter.

Guests other than members were: Mrs. C. S. Swift, Delphos; Mrs. S. H. Ruff, Mrs. John Daley, Mrs. Walter Dewesse, Mrs. Harry Gable, Mr. and Mrs. George Fetter and Mrs. M. Fisher. The next meeting of the club will be held at the home of Mrs. Edward Schlatter, of Bellefontaine avenue.

An interesting meeting of the Child Conservation League was held Wednesday afternoon at the home of Mrs. Joel Spyker, corner State and Lincoln avenue. Mrs. E. Heil presented a well prepared paper on "The Baby—His Coming and Welcoming." Another discussion on "The Equipment and Arrangement of an Ideal Nursery" was given by Mrs. L. S. Watson. Another interesting paper on "Baby Hygiene, Food and Clothing" was given by Mrs. J. R. Simons.

It was decided that during the summer months only two meetings would be held. One the second Wednesday in July to be at the home of Mrs. Charles Shrader, 1028 west High street, and one in August. Plans were also made for a picnic to be given in the month of September. At the conclusion of the program a social hour was enjoyed and light refreshments were served.

Mrs. A. Lego, of south McDonel street, delightfully entertained the Hiawatha club at her home Wednesday afternoon with euchre. The rooms in which the tables were laid for play were attractive with baskets of spring flowers. Mrs. A. Gage held high score and Mrs. Brooks second. They were presented with dainty gifts. Guests were Mrs. R. Feigh and Mrs. Edward Moore. At 5 o'clock a delicious tea was served.

The time and place of the next meeting has not as yet been decided upon.

Miss Grace Spellacy has returned to her home on west North street, after spending several months at the Cincinnati Conservatory of Music, where she was studying piano.

Master Everett Stevick, of Columbus, is spending the summer with his parents, Mr. and Mrs. R. D. Stevick, 519 Harrison avenue.

Mrs. E. L. Rogers, of west Market street, left Wednesday afternoon for Columbus, where she will spend several days.

### COOL SUMMER GOWN OF CRISP ORGANDY

By ELOISE.  
Organdy, the rage of last summer, is still with us. Even though almost everybody has discovered that it is one of the most difficult fabrics to launder. Last year white was the prevailing color, but this year pale pinks and blues as well as greens and beautiful orchid shades are the favored colors. Everyone under thirty has an organdy dress and many over thirty, the kiddies and flappers have more than one and the young woman who expects to go vacationing or attend garden parties will surely own at least one dainty frock of this material regardless of the hardships the laundress will endure in trying to wash it.

This smart frock cut on the newest lines is made of peach blow organdy. A daintily embroidered panel forms a gilet in the front. A shawl collar of white organdy extends about the waist, forming a belt and sash. The sleeves are short, according to the latest dictates of Paris, and have wide white cuffs. The skirt is long and narrow and has an inverted tuck at the hips. The Watteau shaped tail with its pink roses is just the kind of chapeau to wear with a demure organdy frock.

Mr. and Mrs. Grappy, Mrs. W. G. Harris, and son, Alonzo, of Kenton, were guests at the M. D. Owen home, on west Elm street, Wednesday.

The Home Missionary society of the Grace M. E. church met in the church parlors Wednesday afternoon. The election of officers for ensuing year took place. Mrs. G. A. Herrett was chosen president; Mrs. Butler, vice-president; Mrs. D. Backmeyer recording secretary; Mrs. Charles Mumaugh, corresponding secretary; Mrs. P. R. West and Mrs. Bogardus, supervisors of the Queen Esther Circle; Miss Ruth McClurg, leader of the Home Guards and Mrs. C. T. Neiswander instructor of the Mothers Jewels.

The devotionals of the afternoon were in charge of Mrs. Hossler. This being the final meeting of the year the reports of the accomplishments of the year were given by the secretaries. Mrs. E. Arnold also gave a report of the Missionary convention at Anna, Ohio, held there a short time ago.

This was followed by the meeting of the Ladies Aid society. \$110 was turned over to the secretary of the building fund.

Mrs. John Carnes charmingly entertained with a 1 o'clock luncheon Thursday at the Shawnee Country club, announcing the engagement of Miss Marjorie Borges, daughter of Mr. and Mrs. F. G. Borges, to Henry Kidder. The centerpiece of the table was an attractive basket of yellow roses and white sweet peas tied with white tulle. Yellow cathedral candles in crystal candle sticks tied with white tulle were burning at each end of the table. Dainty place cards with little silk bags were tied to the water glasses. The bags contained small gilt edged cards bearing the initials M. C. B. to H. W. L. K.—September. Guests were intimate friends of Miss Borges.

Covers were laid for: Misses Mary Stolzenbach, Elizabeth Newson, Grace Spellacy, Selma Weikelbaum, Mesdames Joe Davidson, William Gallant, Tom Schoonover, Mark Kolter, Allan Rudy, Mrs. Carnes and the honored guest.

The election of officers of the ensuing year took place at the meeting of the Mercy Circle of Kings Daughters held Wednesday at the home of Mrs. Oliver Steiner, of west Market street, with Mrs. Frank Moke and Mrs. E. A. Williams Jr., assistant hostesses. Mrs. E. A. Williams Jr. was unanimously re-elected president; Mrs. Charles East first vice-president; Mrs. J. W. Roby second vice-president; Mrs. S. F. Coleman, recording secretary; Mrs. M. P. Colt, treasurer. Plans were made for a picnic to be held at McBeth's park on June 25th.

The rooms were resplendent with springing and peonies. At 1 o'clock a delicious luncheon was served by the hostesses. The time and place of the next regular meeting has not been decided upon.

Mr. and Mrs. S. Spellacy, and daughter, Miss Hortense, motored to Dayton Thursday where they will attend a concert of the pupils of Mr. Gorno, instructor of vocal in the School of Music, Cincinnati. Their daughter and sister, Miss Wilhelmina Spellacy, who is a student at the Mount St. Joseph on the Ohio, and the School of Music, will take part.

#### FOR WOMEN

As the summer advances cotton materials both sheer and heavy are receiving much attention. The quaint English prints are much admired and utility dresses for warm weather are featured in these winsome looking materials of fine but durable quality. There is a distinctive difference in the models of the dresses of these materials, for the English print is so small that any attempt to combine it with other materials, detract the beauty. Collars, cuffs, or perhaps a vestee of handkerchief linen, organdie or net add a charming finishing touch to the frock.

Plaids, striped and plain ginghams are seen galore. Organdie, chambray and gingham in solid colors are effectively combined with plaided or striped assortments. Scotch plaided materials are also good. Charming assortments of domestic ginghams are marked as low as 30 cents a yard. In the shops beautiful crisp organdies, in assortment of colors which are tucked and ruffled already to be made into the skirt for a dress, makes the modeling of summer dresses simple. The tucks are hemstitched and the ruffles are as effective as handmade rocks. These organdies come 40 inches wide and sell for \$2.50 to \$4 per yard.

In the dressy afternoon models for hot weather wear organdies and dotted swiss are extremely popular. The dotted swiss this season are shown in entrancing colors. Much lace is used on dresses. White gaberdine and linen are in high favor for one piece models, skirts or suits.

### OSCAR—MOST FAMOUS CHEF—GIVES ADVICE TO JUNE BRIDES

Here is an interesting article for June brides, written by Oscar chef of the Waldorf, New York City, known everywhere as the finest cook in America.

By OSCAR  
Make your table attractive! Now that you have succeeded in attracting a husband, learn how to keep him.

Therefore your table must not only be filled with nourishing food, well cooked, but in these days the dinner table must be a beautiful picture as well as an appetizing sight. Linen, silver, china and glass must be immaculately clean. The use of flowers, if available, of course adds a most pleasing note to the simplest meal.

Any good cook book will tell you dozens of ways of preparing specific dishes so they will be nourishing, but in serving food care must be taken to have each dish brought to the table presenting an appearance of careful arrangement. There must never be a suggestion of overflowing of any dish, spilling of gravies, sauces, etc.

The proper use of color in meals is tremendously important. It is the thing that many housewives lack.

The color of the various meats and sauces should be as different from each other as possible, from one course to another.

For instance, if you serve a fish course and have for it a white sauce, you must not follow with a meat course with a white sauce also; rather have a brown sauce.

In serving vegetables, do not serve potatoes and cauliflower, both white; but rather serve a green vegetable with a white.

Half the pleasure of eating salads is the fact that they offer such exceptional opportunities for using various colors—particularly the fruit salads.

Then, too, a sprig of green served with the browned roast makes the dish much more attractive and appetizing.

Husbands who want to take dinner "downtown" often as they express it, "just for a change," are often impelled by the lack of variety and color in their meals at home.

The restaurant or hotel food seems more appetizing because it is served with some regard for the importance of color and variety, whereas the housewife often neglects this important point.

Try out different combinations; think out color schemes in planning your meals and you will earn reward.

#### A WORKING GIRL'S LIFE

Day in and day out, month after month, she toils. Often she is the breadwinner of the family and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night and symptoms of female troubles are early manifested by weak and aching backs, dragging-down pains, headaches and nervousness. Such girls are asked to try the most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.

### CALLUS CORNS LIFT RIGHT OFF

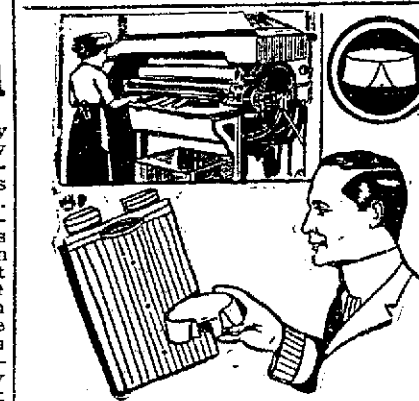

Doesn't hurt to lift them off with fingers

Don't suffer! A tiny bottle of Freezone casts but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of the feet, the skin beneath is left pink and healthy and never sore or tender.

## La-may Face Powder Is Harmless to the Most Delicate Skin

Now you can use a pure face powder that is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And it really stays on better than any other face powder. It does not contain white lead or starch or rice powder (Poudre de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging flabbiness, crows' feet and wrinkles. Because it is pure and because it stays on so well this La-may powder (French Poudre L'Amé) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember, La-may is guaranteed absolutely pure. (One thousand dollars reward is offered to anybody who can buy a better face powder anywhere at any price.) Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty-powder sold in New York. Save this notice. La-may Rouge is also pure.

## SPRING ZEPHYRS HAVE BROUGHT IN A NEW GROUP OF COOL SUMMER FROCKS

Soft west breezes have done their good turn this week by bringing along a lot of gloriously cool and cheerful Summer dresses to bring comfort to our patrons.

Indeed, in point of style these are as lovely if not more so than any that we yet had this season.

Glancing at them in a helter-skelter fashion it was noted that one of white organdy has wide blue bands running about the skirt—it seems on second thought that there are three of those bands. The ruffles that capered about the collar and cuffs are blue and peccod. Buttons are crocheted.

One of white dimity has wide sleeves whose cuffs are edged with blue embroidery as is the collar. Skirt has wide hem and is tucked.

Another of green checked voile has Russian blouse gathered at waist with braided cord girdle. Skirt is of plain green voile.

Net ruffles finish the bottom of the sleeves, tunic and collar on a charming lawn affair. Sash is of net.

The selection of Norman Ross, Ludy Langer, George Cunha, John Hincks, Abel Siegel, V. Johnson, Sydney Biddell, Giff Allen, C. Montgomery and H. S. Biersach as representatives of the American army in the swimming events at the inter-allied games in Joinville-le-Pont, near Paris, June 22 to July 6, is gratifying from every point of view, says an eastern swimming expert. It would be difficult to pick from the service a stronger combination, unless navy men were included, and the chosen stars may be counted upon to figure prominently in every event on the program.

Norman Ross, formerly of San Francisco, now attached to the Illinois A. C. of Chicago, stands out as one of the greatest of all around swimmers yet developed. A free style sprinter of championship caliber and deemed virtually invincible at all distances from the furlong to the mile, he won the national 150 yard back stroke title in close to record time last month, and has also displayed exceptionally good performances at the breast stroke.

World's standards fall to his lot almost every time he competes at the middle distances, where he seems able to improve at will on his own best previous feats. In 1918 he proved the leading performer of the year, although he took part in only a few meets. Since his recent discharge from the aviation corps he has swept everything before him, capturing championships and shattering records. Only a few days ago he lowered his own mark for 300 yards in a pool.

Ludy Langer of the Los Angeles A. C., sailed a few weeks ago for Honolulu, and it is feared he may not be at his best, even if he is able to attend the fixture, which seems doubtful. Provided, however, he can make arrangements for the trip no worry need be felt concerning him.

Essentially a middle distance man, Langer does his finest work from 450 yards to one mile, and has repeatedly brought down international standards in his chosen field. He may be relied upon to give a good account of himself if he is on hand.

George Cunha, a member of the famous family of Hawaiian watermen, had been a resident of San Francisco more than a year when the war caused him to join the colors. He is a sprinter of wonderful ability, and will be very hard to beat in the short distances.

Until a short while ago Cunha was joint holder with Duke Kahanamoku of the world's record for 220 yards in open water.

John Hincks of Yale is the inter-collegiate champion at the furlong and one of the fastest sprinters in the varsity ranks. He was a member of the Eli quartet which established a world's record for the 200 yard relay last March.

Abel Siegel of the Illinois A. C. stands in the front rank of our free style and back stroke swimmers. He has crawled the century in less than fifty-seven seconds in a sixty-foot pool and he came within a couple of seconds of world's time for 150 yards with back stroke in the recent national championship.

V. Johnson of Northwestern University is a champion and record holder of the conference and has one his best swimming at 100 and 50 yards.

Sydney Biddell of the Brooklyn S. C., Boston, won the all around title of the New England A. A. U. last summer and scored some brilliant victories in collegiate swimming the recent season.

Charles Montgomery of the Philadelphia A. A. is the 500 yard champion of the Allegheny Mountain section and a good second string man, though hardly of national standard. Giff Allen of the New York A. C. is one of the leading local sprinters.

H. S. Biersach of the University of Wisconsin specializes in the breast stroke and will be the reliance man for races at this style of swimming.

**Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed**

Even chronic cases of 20 to 30 years standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has raised such a stir among the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pile Remedy.

It has been proved that so-called external remedies applied or inserted into the rectum cannot cure piles, and the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise act on the source of the trouble.

This prescription, although taken internally, is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where by its soothing, healing action, it first stops all inflammation and then by

O'LEARY DRAWS  
WITH M'HENRY

Over 100 Lima boxing fans journeyed to Wapakoneta Wednesday night and saw Mike O'Leary and "Happy" MacHenry box ten rounds to a draw.

MacHenry has an enviable reputation throughout this section of the country, but his cover-style proved a puzzle for the Lima boy, who missed time after time. If half the swings had connected with "Happy" there is no doubt but that a decision in favor of O'Leary would have resulted. The fact that the local lad did the most of the forcing made the bout a draw.

Both boys were in the pink of condition. MacHenry has had lots of boxing experience lately, while the Lima boy, since getting his discharge from the Canadian army, has met but few boxers, and is improving with each successive bout.

Next Thursday night O'Leary will meet K. O. Brown, at the Murphy street ball park, and fans are speculating as to what the result will be. Brown has a reputation for landing the heavy paymaker, but O'Leary will stand the pounding. If Brown is the stand-up type of boxer the go should prove mighty fast, as O'Leary will uncork his fast working left and show some speed.

Jack Dahill rocked Billy Mayfield to sleep in the third of their scheduled five round exhibition, prior to the MacHenry-O'Leary bout. Dahill has shown wonderful improvement in condition and style in the last six months, pounding Mayfield around the ring, sending him off his feet twice in the second round.

Two Wapak boys put on a preliminary, Wymler and Bupp, but the former got unsteady on his pins in the third round and quit.

## DEMPSEY IS ACCUSTOMING HIMSELF TO THE SCRAPPERS OF WILLARD'S SIZE

Left to right: Bill Tate, Jack Dempsey, Terry Keller and "One-Round" Davis

By N. E. BROWN  
Jack Dempsey the husky heavyweight challenger, expects to be prepared to handle Jess Willard's size and reach when Jess risks his title at Toledo, July 4. For Jack has seen to it that all of his sparring partners are bigger men than himself. Daily the challenger takes on Bill Tate, Terry Keller and "One-Round" Davis for a few rounds, orders them to waste in and then practices blocking and ducking their wallop.

Bill Tate is as big, if not bigger than Willard. Bill is fast on his feet and clever with the gloves. He works his left to the limit to give Jack plenty of chance to block and step past it. Willard's left is his best asset and Dempsey isn't overlooking a bet in preparing to half it.

According to reports Willard has been unable so far to obtain satisfactory sparring partners. Ray Archer, his manager, made a special trip to New York in an effort to land better punching material. This cannot be handicapping Jess greatly at present as he is working now privately to name the referee and other officials for the big bout July 4th. It gives the touch of big sanction to the battle. It is not a Toledo bout now, but a national affair, with impartiality paramount, and anybody with a kick now has some personal grudge and they are ruled out of order.

**K. OF F. BOARD NAMED.**  
AKRON — Joseph Smith, of Cincinnati, and William F. Bruce, of Mt. Gilead, were elected Directors of the board that operates the K. of P. Home at Springfield, Ohio, at the closing session of the Knights of Pythias state convention here.

**USE R&G**  
Keep On the Right Road  
The Podophyllum contained in R. & G. Pills acts directly upon the liver, while the active laxatives also contained in R. & G. Pills act upon the bowels, removing the accumulated poisons from the system—relieving headaches, biliousness and constipation.

Bright eyes, a happy disposition, exuberant spirits spring from a healthy condition of the liver. The popular girl is the healthy girl, the girl we are all glad to meet. Use R. & G. Pills. You know the vegetable ingredients you are taking into your system. Your own doctor can tell you all about them—or your druggist can—if you ask him. 10c and 25c the box. All druggists.—Adv.

Everybody around the big training camps in Toledo seem to be entirely of the opinion that it was the right thing to do to ask the Army, Navy and Civilian Board of Boxing Control to name the referee and other officials for the big bout July 4th. It gives the touch of big sanction to the battle. It is not a Toledo bout now, but a national affair, with impartiality paramount, and anybody with a kick now has some personal grudge and they are ruled out of order.

## 'I'LL FIGHT MY OWN 'GO' SAYS JESS

By Jess Willard  
Heavyweight Champion of the World  
I started today with an unusual rest. The road work with which I usually begin my day's training was cut out. Instead, I took a long leisurely walk which I enjoyed for a change.

All sorts of queer letters come to me. The ones that seem to be in the majority just now ask me to tip off writers concerning my plans for the bout on July Fourth. The same query has come from newspaper men and from magazine editors.

I will be as explicit right now in answering this question as I can be. I have no definite plan and will have none when I enter the ring. I have worked hard to make myself a well-rounded boxer. I have a great deal still to learn, but I am keeping my eyes open and am perfecting my body in the various shifts and blows both on offense and defense. My muscles and nerves also are being carefully looked up so that they can make instantaneous delivery of my strength when the opportunity comes.

That is the equipment I will bring into the ring on the afternoon of the fight. I would be foolish to have a fixed cut-and-dried program; when a contest comes down to an issue between man and man, there are so many emergencies that the fellow who is thinking about his carefully planned campaign is apt to be surprised and taken off guard. I prefer to enter a contest with an alert, open mind. This gives me a chance to tear into an offensive of my own at any given chance, and to go into a defensive maneuver when danger threatens.

A plan of campaign carries with it a fellow on the outside of the ring to direct it. It is impossible for a fighter to concentrate upon

**New Chemical Kills Bed Bugs P. D. Q.**  
The new golden colored chemical Pecky Devil, Quatern P. D. Q. can now be had at any drug store, as arrangements have been made whereby the retailer can get it from his wholesaler.

The new chemical, P. D. Q., is very powerful. A couple of ounces can be prepared for a few cents and you'll have enough to kill a million bed bugs if you could get that many together. P. D. Q. does not rot or burn the springs or clothing. It leaves a coating on their eggs and prevents hatching.

P. D. Q. if properly used, kills the house entirely of bed bugs, ants, roaches and fleas. Safe to use to rid your pet dog of fleas.

A patent about free in every package of P. D. Q. enabling you to get the pecky insects in the hard-to-get at places.

# WILLARD BEHIND IN TRAINING

TOLEDO.—Jess Willard is suffering from a drought of sparring partners.

The big champion is having the time of his life getting into condition to defend his title against Jack Dempsey, merely because there are no fool white heavyweights willing to pose as battering rams for Jess' punches, and Jess draws the color line in camp.

There are numerous glove wielders of a dark shade, probably all of them willing to stand and swap wallops with Jess for a compensation. Likewise there are a few good heavyweights willing to do the same thing, but Jess either bears them a personal grudge or figures them not worth the candle.

As a result of this condition Willard is not getting into the best of condition, while Jack Dempsey, sparring with the two negroes, Bill Tate and Jamaica Kid, is in the very best of shape right now—ready to step into the ring and fight the sight of his life on a moment's notice.

Dempsey did no sparring yesterday, because of the bad slash he received over his eye, but he went around his open-air ring at shadow-boxing with such speed as to draw the favor of the spectators. His eye really looks bad. Jimmy DeForest is not making any mistake by ordering him to rest. It extends all the way along the brow and was so deep it had to be stitched together.

Willard boxed six rounds yesterday—three each with Walter Monaghan and Jack Hemple. He started to box with Soldier Stanton, the youth he almost knocked out a short time ago, and then changed his mind.

To entertain the crowd which had made the trip to his camp, Jack Dempsey sent in "Tate and Jamaica Kid to box four rounds while he devoted his efforts to bag punching and other stunts. The challenger is in high spirits and appears to be in the finest of condition.

# TWO SMALL FIRES BREAK MONOTONY FOR FIREMEN

Two small fires Wednesday afternoon and night broke the monotony at fire stations over the city, covering a period of four days.

A bonfire kindled too close to a shed, in the rear of the home of Harvey A. Archer, set fire to the building. The blaze was extinguished with little loss.

Garden hose was employed to extinguish a blaze caused by a defective flue at the home of George Ulrich, 745 north Elizabeth street, prior to the arrival of two hose companies.

# REPORTS ON VAN WERT

VAN WERT—Reports of the state examiner for all the offices in the court house have been received by County Auditor Tom Jones. The reports show what many minor clerical and technical errors in bookkeeping and proper balancing of funds had occurred during the years covered by the report but no serious charges or findings are brought against any of the officials.

# Watching the Scoreboard

Yesterday's hero—Lefty Williams, of the White Sox, trimmed the million dollar Boston Red Sox, thereby killing off the golden goose that laid—goose eggs. Count: three to nine zeroes.

Hitting in the New York-Cincinnati battle was as free as drinks after July 1. Each team got three. A double steal and youthful Jake Dauberts single won for the Reds, 2 to 1.

The Cards reviewed an entire division of pitchers, ran out of replacements and yielded to the Braves, 6 to 4.

An eighth inning let-up by Cadore let Pittsburgh hand another trimming to Brooklyn, 3 to 2.

The Senators wore their clouting clothes and three pitchers could not prevent Cleveland from taking a 6 to 3 licking. Boss Griffith got notice of a suspension for debating with Umpire Mallin.

The New York Yanks fell upon Leonard for a flock of seven runs, beating Detroit that much to nothing.

Mack's Philadelphians got a tighter hold on the cellar sweepstakes when St. Louis walloped them 4 to 3.

# FIRMS BOOST OWN TAX RATE

CLEVELAND — County Auditor John A. Zangerle announces eight large Cleveland corporations have voluntarily increased their tax returns for 1919 to an aggregate of more than twice the amount of their return for 1918.

This action was inspired by the depleted condition of the public treasury, and need for more money to pay school teachers, police and firemen, and to operate other departments of the city and county.

Returns of these eight corporations are increased from \$2,401,000 to \$5,191,040. The increase in the amount of money paid in taxes is \$43,245.

Here's the list:

Incorporated Companies	1918 Return	1919 Return
The Mott & Merry-weather Mach. Co.	\$11,600	\$ 560,850
The Mayer-Marks Co.	81,600	266,420
The Electric Controller & Mfg. Co.	462,420	1,327,910
The Cleveland Stamping & Tool Co.	73,680	253,800
The Builders Investment Co.	583,630	1,094,790
The Cleveland Milling Machine Co.	240,300	616,270
The H. Black Co.	612,720	844,400
The Alumnum Rolling Mill Co.	35,050	226,600
Totals	\$2,401,000	\$5,191,040

# BASEBALL HEADS MEET TODAY

CHICAGO—The same old commission grappling with the same old problems is to be in session in Cincinnati today. Chairman Garry Herman is expected to call the roll in such familiar questions as:

What shall we do with the minors? What shall we do with the world series money? What shall we do about the Federal league suit? Presidents Johnson and Heydier will help him vote.

The minor league will not send emissaries to Cincinnati. Al Tearnay, foster-father to a fine family of minor leagues, and leader of the militant minors, said today the big leaguers will not be bothered with his company.

"We are satisfied with the agreement that lets minors and majors operate as separate bodies," Tearnay said. "However, we do want that agreement in writing. We expect to get it soon if not at this session of the commission."

The world series money, according to confident prophets here, will again be split between the participating clubs instead of by all first divisioners.

That experiment was a success—as an experiment. Now most players feel they would prefer a shot at the money than to be sure at a dribble. The world series tangle at Boston last year when players, disappointed at seeing only a flivver where they had expected a triplet-six, threatened to strike, showed ball players are business men, not altruists. Others in the game believe it better to hold out hope of big returns for the few rather than comparative trifles for the many.

That makes 'em all hustle.

The Federal league question is the painful one. Defunct baseball holding a judgment over organized baseball and the latter planning mightily to overturn it.

# BOY HELD ON CHARGE OF COMMITTING THEFTS

Willis Vorhees, 13, 641 1-2 south Main street, arrested by police for an alleged series of petty chievery has been turned over to the juvenile authorities.

According to police he is charged with the theft of a bicycle from the Crystal Ice company and when questioned at headquarters by Desk Sergeant Eberle he admitted taking a holster, and two knives from the Jones hardware store and confessed to removing some small items from a ten cent store.

His father, Daniel Vorhees, is serving a sentence in the Toledo works for horsestealing, it is alleged by police.

# WILL TELL OF WAR

Sergeant Lee Hopper, Paul Shutt, and Francis Clarke, all soldier boys from the First Baptist Church, will tell their war experiences at the Young People's Meeting at 5 o'clock next Sunday evening. An excellent program is being prepared in honor of these young men. It will be an interesting meeting, to which all are invited.

# CUT DOWN MENACE

Rigid Inspection Makes Fire Less Likely Here

Rigid fire inspections thruout the business and residence districts have brought about appreciable results according to Deputy Fire Marshall A. C. Ewing, in charge of the Lima district.

"Lima is in a better condition as regards possible loss by fire than at any other time," he stated Thursday. "By co-operation on the part of owners and citizens or orders from the main office at Columbus the city is being rapidly cleared of fire traps and undesirable buildings where the danger from fire exists."

CLAIMS \$40,000 ALIMONY.

NEW YORK.—Mrs. Francis X. Bushman, divorced wife of the movie actor, has attached \$150,000 worth of his property to insure payment of \$43,000 alleged back alimony.

## Short Shavings

"I have seen a knife," said the weary character.

"Don't want it," snapped the busy man.

"It's an extremely useful article, sir. Apart from the many blades—"

"Take it away."

"It has a screwdriver, a tin opener, a cigar cutter, a tobacco stripper, a wire cutter, a button-hook, a—"

"I tell you I don't want it!"

"It further contains a pair of scissors and engraved upon it is the com-

pound interest table (taxi fares and the price of the whole thing complete is one dollar.)

"I repeat I don't want the thing!"

"No; I know you don't. You're one of those blooming old misers who won't buy a knife unless it has a weekly newspaper, a perpetual season ticket and an Italian opera company attached. Well, we've given up making that kind in war time at a dollar."

Speaking at a dinner, Congressman Houston of Tennessee referred to the charming fads and foibles of the fair sex and smilingly recalled the following incident:

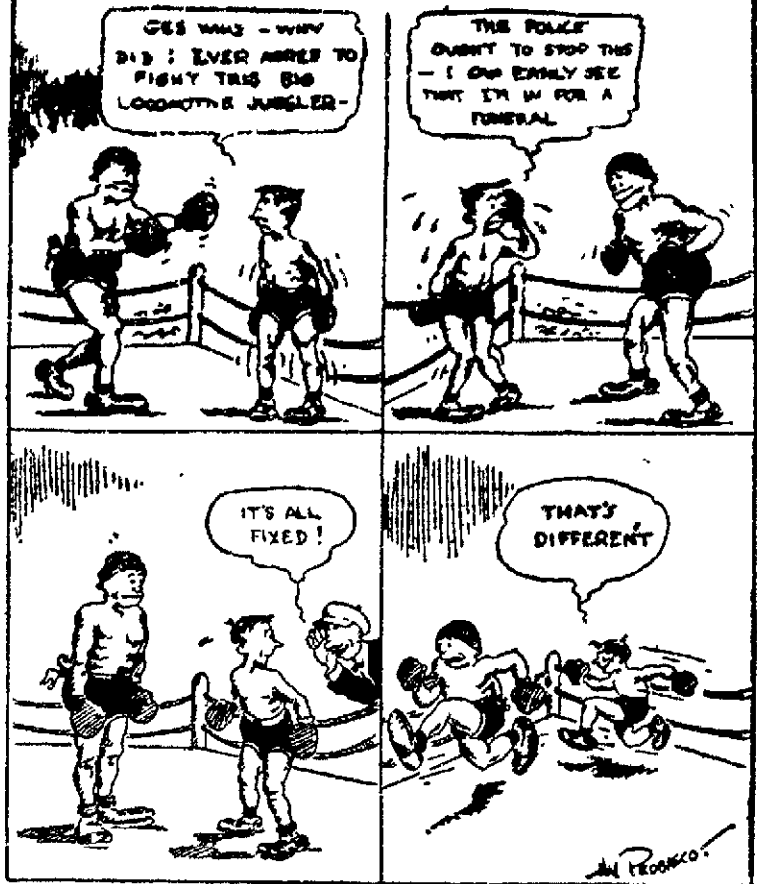

At a social function one evening one of the male guests began a remark with the words, "I bet she will," when an older gentleman interposed.

"Young man," he added with a positive air, "don't ever bet that 'she' will do anything. You can never tell what a woman will do."

"You headed me off to soon," smiled the young man. "I was going to say that I would bet that she would do the unexpected."

"Don't do it," continued the other. "Even that is not a safe bet."

## THAT'S DIFFERENT

## GRADUATES SHOW OUR PART IN WAR

Pageant Given by Class as Part of Graduation Exercises

High school graduates in class day pageant of brilliant color and costumes Wednesday night portrayed America's part in the World War.

A two-part program, which featured Truth, Liberty and Justice in "The Drawing of the Sword" was replete with patriotism. The various nations allied with the United States were represented by pupils in the native dress of the country.

The second half featured "Victory" and "A Dance of the Nations." Victory was enacted by Miss Ruth Wells, her attendant being Miss

Frances Townsend.

The dance of the nations featured folk-dances of the old world in which the participants wore the costume of the native country.

Music was furnished by the high school orchestra. Zella Foster was director of the pageant, Mark Evans of music, Irene Buckley, dances, F. C. Snodgrass, drill master, J. T. Cotner, general manager, Louise Wood, was in charge of the costumes.

## YOUNG TRAFFIC VIOLATORS RELEASED WITH WARNING

Youthful traffic violators, charged with riding a bicycle on the sidewalk were released with a warning when they appeared at police headquarters Thursday morning.

The arrest of the six lads followed the recent edict issued by Chief Roush to break up the practice of riding on the sidewalk.

One boy pleaded leniency from Desk Sergeant Eberle when he stated that the street was filled with nails and pieces of broken glass.

"Hereafter you sweep the streets

or lead your bicycle on the sidewalk," Eberle declared.

## 185 PUPILS AIDED

VAN WERT—One hundred and twenty-five school students received relief totaling in money \$1,225.05 during the past school year from the Dupuy fund left by the late John Dupuy for the relief of needy students. The report on the fund was made by Charles Kirk, juvenile officer, and custodian of the fund.

## You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood

of the germs that cause the disease. S. S. S. has no equal as a blood purifier, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.
